- Zoom Live Class Integration

WHY WE?

Elevate your school with Brainiaxs IT's School Management Software! Our easy-to-use dashboard, admin tools, and cool features like Student Info, Homework, and Exams make everything a breeze. Stay connected with simple communication, Zoom for live classes, and quick homework tracking. We've got secure payments, customizable roles, and reports to keep you in the loop. Choose Brainiaxs IT for a hassle-free school experience – easy for admins, teachers, students and parents!

BENEFITS

1

Benefits One

Streamline your school's daily operations effortlessly. Our software simplifies administrative tasks, from managing student information to handling finances, boosting overall efficiency and saving valuable time.

2

Benefits Two

Foster better communication among administrators, teachers, students, and parents. With integrated chat features and communication hubs, everyone stays in the loop, ensuring a collaborative and connected school community.

3

Benefits Three

Embrace the future of education with features like Zoom integration for live classes, online exams, and seamless study material distribution. Brainiaxs IT enhances the learning experience, making education accessible, interactive, and engaging for students and educators alike.
